

RENOVATING DAMAGED HOUSES FROM THE STORM

EVENT OVERVIEW

The event enables employees to collaborate in renovating **homes damaged** by recent storms, addressing the needs of affected families while promoting teamwork and community engagement. In response to the aftermath of the **storm**, the event aims to mobilize employees to support families by coordinating renovation efforts and assisting in **restoring their homes**.

OBJECTIVES

1

EMPLOYEES ENGAGEMENT.

2

COMMUNITY RESILIENCE

3

POSITIVE PUBLIC PERCEPTION

4

PROJECT MANAGEMENT & PROBLEM-SOLVING SKILLS DEVELOPMENT

TARGETED AUDIENCE

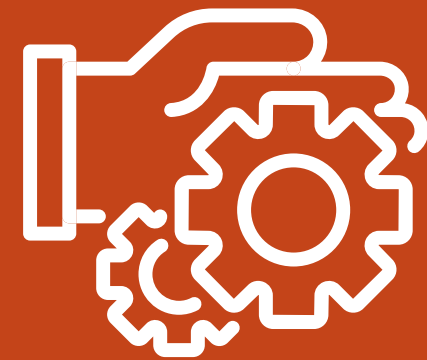

Employees of all levels. Families in the community who have been affected by the storm are the primary beneficiaries of the event.

PARTICIPATES' ROLES & RESPONSIBILITIES:

1. Assess the areas in need of renovation within the damaged houses, working closely with on-site engineers to identify necessary repairs and prioritize the needs of needy families.
2. Coordinate with the assigned contractors to negotiate and finalize the scope of work, ensuring alignment with the identified renovation requirements and budget constraints.
3. Oversee the progress of renovation work, maintaining regular communication with contractors to monitor timelines, address any issues that arise, and ensure that all tasks are completed to the required standards.
4. Gather feedback from the needy families upon the completion of renovation work, facilitating open communication to assess satisfaction levels, address any concerns, and identify opportunities for improvement in future initiatives.
